

Washington, DC – Today, Congressman Bruce Braley (IA-01) released the following statement on Iowa's on-going redistricting process:

"We're very lucky in Iowa to have a truly non-partisan redistricting process. And while the process is still on going and the lines of my district will change, my commitment to listening, working hard, and getting things done for my current district won't. I'm honored to represent Northeast Iowa in Congress and I'll continue to focus on the very serious challenges in front of us."
